

Mrs. Clark's 2/3 Class

May 2024

Important Dates

May 9

Pete the Cat

May 23

Last Day of School!

Have a wonderful
summer!!!

May Happenings

This month we'll be:

- reviewing shapes, colors, letters, and numbers
- learning about oceans and the creatures in them
- making art for Mother's Day and Father's Day
- finishing our May assessments
- enjoying our final weeks of school!

Miss Michels, Mrs. Jett, and I are going to miss your kiddos so much. We've had a blast with them this year and can't wait to see them in the halls of Lakeside next school year!

We are learning...

- Reviewing shapes, numbers, letters, and colors
- All about oceans!
Playing on the beach, the water cycle, the creatures that live in the water, and water safety.

Skills to Practice

all summer long!

- Tracing name, trying to write it, and spelling it
- Following directions and taking turns - playing games are great for this! Also work on stop/freeze.
- Naming the shapes, colors, letters, and numbers that they see around them
- Cutting, drawing and tracing, zipping a zipper, playing with Play Doh, stacking blocks, opening snack packages, tearing paper...keep developing fine motor skills!
- Calming and self-regulating methods like taking deep breaths, tracing fingers, counting to ten
