

*We are ready for take off.....*

My mates and I are headed to **the land down under -Australia** on our April trip.

Australia highlights will be the interesting animals of Australia such as the platypus, kangaroo, koala and the wombat. We will learn about Aboriginal music and dot art – one of the oldest forms of art.

Did you know that Australia is the world's largest producer of wool and the world's largest coral reef, the Great Barrier Reef, is located of the continent of Australia?

*Captain Hanser*
